Cybernet Systems Co., Ltd.
TSE 1st Section: Code No.4312

Waterloo Maple Inc. establishes a wholly-owned subsidiary in Germany

April 28, 2010 - Cybernet Systems Co., Ltd. (hereinafter "Cybernet") announced today that its subsidiaries Waterloo Maple Inc. (hereinafter "Maple") has established a wholly-owned subsidiary in Germany to expand its business.

1. Aim of opening of its first office in German

Maple is the leading developer of high-performance software tools for engineering, science and mathematics. The momentum to localized sales and support in Germany emphasizes the importance of the German and Austrian market for Maple. With the opening of this direct office, Maple's reseller, Scientific Computers is no longer acting in Germany and Austria. Maple is working closely with Scientific Computers to ensure a smooth transition for existing users.
